Wagyu celebrations in Kansas were kicked off with the first Midwest Wagyu Association meeting in Abilene at the Greyhound Hall of Fame. With a great line up of speakers, the crowd stayed busy all day, and to top it off, everyone was treated to a beautiful evening social at Gypsum Valley Wagyu in Solomon, Kansas. The hosts, the Cossette family, were gracious enough to treat the crowd with amazing Wagyu bites, wonderful company and a tour of their very impressive facilities. The festivities were graced with fantastic weather and a great set of folks. Sale day started off with a bang to raise funds for future Junior Wagyu events and stayed strong selling cattle to both coasts and everywhere in between. This event was a success due to a wonderful set of consignors, great set of past and new buyers and an overall general feeling of excitement for this great breed.
