A perfect spring day set the tone for a perfect sale. An active crowd filled the loft at the Triangle B Ranch headquarters where the event started with a lovely BBQ lunch that included Triangle B Ranch's meat product and then proceeded with a very successful auction where in the end, animals ended up selling to 9 states and the United Kingdom. A very active bidder base was also present online which made for a very competitive bidding event. The date of this annual event has been set for 2022 and will be next spring on March 19.
