Another great high caliber carcass maker. With a Marble Score in the Top 1% and both a Marble Fineness and EMA in the Top 2%, the high quality carcass genetics carries on through her direct sire and the United/L0010 combination making up the maternal side of the pedigree. With ALL three indexes in the Top 1%, this female should be on everyone's most wanted list.

#7 BFI female in the US! #5 EMA female in the World! #6 FTI female in the World! #10 FFI female in the World! A true showstopper... a top female in the world with a pedigree that is loaded with extreme quality starting with a major power punch on the maternal side of the pedigree with the great 035X donor dam that started the 3025Z line that produced today's highest selling bull and female in North America. Her maternal line also includes Sumo F154 and United – both proven sires whose progeny have been exceptional for many programs worldwide. This female is a paternal sister to hotshot and present go to AI sire, Platinum Mr President. She has been said by a very seceing eye to be a phenotypical standout as well. Royally bred, amazing stats and has the looks PLUS is an outcross to Arubial 1701 and his sons. Be ready because this female will be at the forefront of this breed's top pedigrees in the next few years.
